

ARMSTRONG INSANE AT CHIPPEWA FALLS

WIFE HERE RECEIVES MESSAGE FROM POLICE.

Says She Is Sure the Prisoner Is Her Husband and Last Evening She Went to Identify Him—Vast Sums Are Spent in the Search.

Mrs. Addie Armstrong, of Freeport, Ill., who has been in Janesville for the past few weeks looking for her lost husband, was overjoyed last evening by the receipt of a telegram from the police at Chippewa Falls stating that her husband was in jail there.

Mrs. Armstrong at once telephoned back, and was so sure from the description given that the prisoner was her husband that she took the train last evening to join him.

While in this city Mrs. Armstrong has been the guest of Mrs. Inman on Locust street, and in the columns of The Gazette a few days ago a full account of the disappearance of Armstrong was published.

Armstrong Is Insane From the message received by Mrs. Armstrong yesterday it is quite evident that her husband is insane, and that while demented he wandered away from home in Crystal Lake, one bright morning last May. At that time he wore glasses, was dressed in a double-breasted suit and had four front teeth missing.

When arrested in Chippewa Falls he answered this description with the exception that his glasses were missing. He also had an open-faced silver watch when he left home, and this was also found on him.

Armstrong was first noticed wandering in the county north of Chippewa Falls, on Tuesday, and the police arrested him and locked him up on the charge of insanity. At the jail he gave his name as Francis Armstrong, and stated that his home was in Rockford, Ill., and that he owned a vast real estate there that was in the hands of Mayor Brown for safe keeping. It was this information that led to the identification of the prisoner whose real name is Charles Armstrong.

Chief Bergen was at once notified, and through a message sent from Rockford the Chippewa Falls police were able to locate and communicate with Mrs. Armstrong in this city.

Whether or not the man in jail at Chippewa Falls is really the missing Armstrong now remains for the devoted wife to say, for as she stated last evening at the depot just prior to boarding the train, "just give me one glance at my husband and that will be sufficient for me to tell if it is Charley or not."

A Mysterious Disappearance Mr. and Mrs. Armstrong resided in Freeport for some time and then moved to Crystal Lake, Ill., where he conducted a carpenter shop. One morning in May last he complained of having pains in his head and as he left home for his shop he said he would return if he did not feel better.

His wife kissed him goodbye as usual and urged him to stay at home. As he went away that was the last time she ever saw him. All efforts to locate him have since proved futile and the outcome of the Chippewa Falls case is now awaited with interest.

COMING TO THEIR SENSES ONCE MORE

LEECH LAKE INDIANS ARE READY FOR PEACE.

They Are Not Influenced By Persuasion But By the Display of Force—General Bacon Determined to Put an End to the Trouble at Once.

Walker, Oct. 14.—[Special]—The hostile delegates to this afternoon's conference with Commissioner Jones and other officials have arrived. Their talk leads to the belief that they have decided to surrender the Indians wanted by the marshal. General Bacon is taking no chances. He has ordered a battery of rapid fire guns to reinforce his troops here.

Walker, Minn., Oct. 14.—Word comes from the Indians that they will at once surrender at least three of the Pillager warriors for whom warrants are held.

Commissioner Jones says the Indians will be given a reasonable time in which to make complete surrender to the authorities, and this means that negotiations of uncertain duration are to ensue. Gen. Bacon views the situation with some impatience, but says he will do nothing until Jones gets through.

The Bear Islanders had four representatives at a council at the agency Thursday afternoon. Delegates from the other bands were also there and the speechmaking lasted until after dark.

The speakers from the hostile camps said they wanted peace and would not take up arms again if their grievances were attended to. The expressions from all the Indians were of the most pacific nature.

One Bear islander addressed himself entirely to the newspaper men, and bade them report him accurately to the white people. He savagely assailed "the blue log thieves," naming some of them, and said he had no doubt Washington would hear the Indians' cry for relief.

Washington, Oct. 14.—A dispatch was received at the war department from Minnesota Thursday asking for 500 Springfield rifles and 50,000 rounds of ammunition for the use of the people of that state in protecting themselves against hostile Indians. The war department granted the requisition of the governor, and the arms and ammunition will be supplied to him at once and charged to the national-guard account of the state of Minnesota.

ARQUETTE GOES TO BELOIT

He Will Answer to the Charge of Larceny There.

John Arquette, of this city, was taken to Beloit this morning by Marshal Appleby, to answer to the larceny of an overcoat and several other articles.

While at the depot awaiting his train, Arquette admitted that he would not be a bit backward about stealing anything if he once took a notion, but that he doubted very much about taking the article in Beloit that he is now under arrest for. The police say that in all probability John will in some way manage to crawl out of his present trouble.

SHARON PLEASED WITH REV. MR. HALSEY

PREACHED HIS FIRST SERMON THERE SUNDAY.

His Congregation Fully Realize That They Have Most Worthy Man—His Health Is Improving—Sharon Paper Speaks Highly of His Coming and Predicts Bright Future.

Rev. Sabin Halsey, former pastor of the Court Street Methodist church in this city, entered upon his duties this week as pastor of the Methodist church at Sharon, Wis. Sunday he preached his first sermon, and the Sharon Reporter, in speaking of it, says:

There was a large attendance, at the Methodist church last Sunday, both morning and evening, to hear the newly appointed pastor, Rev. Sabin Halsey, who delivered two excellent sermons, in which he made clear to the membership his purposes in the work as their pastor, which he will assume. Mr. Halsey is one of the most able preachers in the Methodist conference, and has been pastor of some of the largest and most important churches in the state, including the Grand Avenue church in Milwaukee, and besides that, was presiding elder of the Milwaukee district for a number of years, a position he filled with credit to the district as well as to himself. Through close confinement to study and hard work on large charges his health began to break down and for several years past he has not held a regular charge on that account, but has been doing supply work. Although the bishop at the last conference at Waupun wanted to appoint him to a charge in a large city, it was Mr. Halsey's request to be sent to a smaller place, as he felt that the duties and responsibilities in a large place would be too great for his physical abilities and feeble health. The Sharon charge is to be congratulated in the appointment of such an able man.

TOWN UNDER MARTIAL LAW.

Soldiers Patrol the Streets at Virden, Ill.

THREAT TO SEIZE RAILROAD.

Virden, Ill., Oct. 14.—A "wild" train composed of four passenger coaches, two box cars and a caboose whizzed through Virden late Thursday afternoon. The coaches were the same as were riddled in Wednesday's battle. The sides of the cars were scarred and the windows broken. Not a human being was to be seen on the train, and it was given out that the cars were to be taken to the repair shop in St. Louis. It was learned afterward, however, that the box car and the first two passenger coaches were filled with colored men. Those in the coaches were down between the seats. An attempt to disembark the men here was prevented by the militia, acting under Gov. Tanner's orders, and the train was run through to Girard. Superintendent Lukens later notified the authorities that the men would be brought back and that the company would insist upon landing them. Capt. Craig thereupon warned the Chicago & Alton officials that if any attempt was made to disembark negroes here he would take his men and Gatling guns to the depot and assume charge of the railroad at this point.

The railroad tracks for a distance of nearly two miles are being patrolled by the soldiers. No one is allowed to pass in the direction of the stockade without giving good evidence that he is entitled to pass.

Col. Young of the First Illinois cavalry has arrived here with 200 men. Troops A and C of the cavalry, under command of Capt. Lino and Maj. Alship respectively, made up the cavalry detail, and with them were companies H of DeKalb, C of Oregon and E of Peoria, which is a part of the new Third regiment. Col. Young assumed command of the troops here immediately upon his arrival. He detailed troop C to re-enforce Capt. Craig at the railroad station, and company C of the infantry was left at the coal company's stockade.

The town is virtually under martial law. Battery B, seventy-six men strong, Capt. C. C. Craig, of Galesburg, camped on the public square. Pickets were posted throughout the town and in the stockade and challenged all comers. Adj. Gen. J. N. Reese was early on the grounds and had orders from Gov. Tanner to prevent the coal company from running imported labor inside the stockade.

The armed guards of the coal company were compelled to surrender their arms to the military. The strikers were ordered to do this Wednesday night. The soldiers who did the disarming say that the men had a motley collection of shooting irons and carried cartridges and shot shells in tin buckets. Over 100 Winchester and 25,000 rounds of ammunition were confiscated within the stockade. Thomas Preston, who was killed, is said to have been shot by a soldier who had challenged a striker. Preston was shot while standing on the identical spot where Morgan was killed earlier in the day.

F. W. Burton, a detective of Joliet, had a marvelous escape, the Winchester which he held in his hand having been struck three times.

Coroner William H. Hantoff of Girard impaneled a jury, viewed nine bodies and began taking testimony. The point over which there was the greatest controversy was that as to which side began shooting. The miners and their sympathizers produced witnesses who swore positively that a guard on the train began the attack from a car platform.

Superintendent F. W. Lukens said that the guards employed by the coal company did no shooting until the train had reached the stockade. Dr. C. A. Peterson made the same statement. The Rev. Father Clancy testified that he had seen Kiley killed, but was not able to state that the firing originated on the train. Father Clancy also testified that he did not see any firing from the tippie tower. On this point there is much controversy, the miners claiming that the shot that killed Kiley came from the tower. Superintendent Lukens says there was absolutely no shooting from the tower.

The death list has swollen to sixteen. The following names of victims are in addition to those previously published:

BASTEN, JOSEPH, Mount Olive.
BILYEU, FRANK, Springfield.
BLUE, WILLIAM, Springfield.
EDWARDS, ———, Girard.
HARMON, WILLIAM, Girard.

A CERTAIN CURE FOR PILES

Safe and Effective in Every Form of This Common and Annoying Disease.

Many people suffer from piles because after trying the many lotions, salves and ointments without relief or cure, have come to the conclusion that a surgical operation is the only thing left to try, and rather than submit to the shock and risk to life of an operation, prefer to suffer on. Fortunately this is no longer necessary, the Pyramid Pile Cure, a new preparation, cures every form of piles, without pain, inconvenience or detention from business.

It is in the form of suppositories, easily applied, absolutely free from opium, cocaine, or any injurious substance whatever, and no matter how severe the pain, gives instant relief, not by deadening the nerves of the parts, but rather by its healing, soothing effect upon the congested membranes.

The Pyramid Pile Cure is the most effective, the safest and most extensively sold of any Pile Cure that has ever been placed before the public, and this reputation has been secured by reason of its extraordinary merit and the reasonable price at which it is sold, the druggists selling it at 50 cents and \$1 per package, and in many cases a single package has been sufficient.

A person takes serious chances in neglecting a simple case of piles as the trouble soon becomes deep seated and chronic, and very frequently develops into fatal incurable rectal diseases, like fistula and rectal ulcers.

Any druggist will tell you the Pyramid is the safest, most satisfactory pile cure made.

The Pyramid Co., Marshall, Mich., will send to any address a treatise on cause and cure of piles, also book of testimonials.

War Is Not Ended.

Washington, Oct. 13.—The war department is constantly in receipt of requests from soldiers asking to be mustered out, stating that the war has closed and they wish to go home. This is the excuse made by nearly all of those now seeking discharge. The war department officials say the war will not be over until the treaty of peace is ratified by the United States senate, and that the soldiers may be needed for further duty. No discharges will be granted except for sickness and disability, and the requests in these cases must be approved by the colonels and higher commanding officers.

Mrs. Sherman Dying.

Washington, Oct. 14.—Physicians hold out small hope of recovery of Mrs. John Sherman, wife of the former premier, who was stricken with paralysis at the Center market in this city this forenoon. The stroke was a severe one, and on account of Mrs. Sherman's advanced age it will probably prove fatal. Until today Mrs. Sherman was never sick in her life. She had no liking for physicians, and was wont to say that but for them there would not be half as much sickness in the world. Mrs. Sherman is about 70 years of age, but looks ten years younger.

HARD TO COMBAT.

The Evidence of Our Senses.—What Janesville People Say Is Pretty Good Proof For Janesville People.

Janesville talk about Janesville people. Public opinion published for the public good. There is no proof like home proof. Home testimony at the back of every box of Doan's Kidney Pills. Can you believe your neighbors? Read this statement made by a citizen:

"Mr. E. J. Fish, of 335 Racine St., proprietor of the Fish Dry Line, says: 'When I was twenty years of age I fell, injured my back, and ever since that I was troubled more or less with a dull, aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined, under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician claiming these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles, I procured a box at the Janesville Drug Co.'s store, and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them.'"

PUTTING MR. CHAFIN RIGHT

E. W. Chafin, candidate for governor of Wisconsin on the prohibition ticket, addresses a letter to the editor of The Milwaukee Sentinel regarding the declaration he made to a Gazette reporter concerning the "whisky" plank in the republican platform. In the letter he says:

"I am speaking every night and charging the republican party with deliberately putting a 'whisky plank' in its platform. Now I may be 'off' on my interpretation of this plank. If I am wrong and the Sentinel will put me right on this question, I will publicly apologize for what I have said. Will your valuable paper please give this plank its proper interpretation if mine is not right?"

This plank from the republican platform enclosed by Mr. Chafin, reads as follows:

"We believe in perfect liberty of conscience, non-sectarianism in public affairs, separation of church and state, in free common schools, and the utmost independence of individual thought, speech and action consistent with law and the rights of others."

In reply The Sentinel says: "We aim to please, and if we are able to interpret correctly the platform declaration which has excited Mr. Chafin to the point of public condemnation, the republican party also aims to please. We confess an utter inability to understand how any person can study the declaration and smell whisky without a bottle in his pocket. The prohibition candidate unquestionably is 'off,' and his request is calculated to impress the average citizen with a belief that he should apply to a physician rather than to an editor to be 'put right.'"

In the first place the plank was adopted as a matter of course by the republican convention and without deliberation. In the second place it is an affirmation, in brief, or belief in a few of the rights of citizens declared and assured by the constitution of the state of Wisconsin. In the third place, it has no more relation to whisky than it has to a game of pinocles. Moreover, when a prohibitionist is ready to admit that the liquor habit or business is "consistent with law and the rights of others," he concedes all that those engaged in the traffic will be likely to ask of anybody. "Mr. Chafin's letter to the Sentinel as well as his charge against the republican party indicates that it is advertising rather than information which he seeks. It probably would make no particular difference in Mr. Chafin's attitude towards the republican party whether the platform contained a 'whisky plank' or a Waukesha water plank, and we have no reason to suppose that it will make any particular difference in the republican vote of the state whether Mr. Chafin continues to charge the party or publicly apologizes for an absurd misinterpretation of a declaration of the principles upon which free government and human liberty are founded."

The democratic state platform, in declaring in favor of the referendum, says that "all the laws shall be submitted to a vote of the people," and not that any

law the people wish so submitted shall be subject to their ballots. If "all laws" are to be submitted to the people in case the democrats win out, then the tax payers can plan to go down into the pocket where they carry their tax money a little deeper than they have ever gone before. A moment's thought shows that the system would be cumbersome, unsatisfactory and expensive; as Senator Spooner said, a piece of "clumsy, stupid, and impracticable folly."

Members of the Beloit volunteer company are criticizing Captain Tom J. Rogers rather sharply these days, and The Daily News is publishing articles concerning him. The writer does not know the nature of the charge made by the men, but acquaintance with Captain Rogers and his methods, both at Camp Douglas and as a private citizen, results in the firm belief that Captain Rogers has done nothing that was not becoming to his commission in the service of the flag. Wisconsin never turned out a better soldier than Captain J. T. Rogers and privately the writer knows him as a gentleman and good citizen. A man who possesses these qualities at home is pretty sure to show them wherever he goes, and under all circumstances. It is easier to tear down than to build up, and perhaps the Beloit soldiers would do well to bear the fact in mind.

At the Hamilton club's banquet at Chicago, Chauncey M. Depew said "The republican party is the one party in the last twenty five years which has possessed the initiative, which has shown constructive genius, which has been able to turn panic into prosperity, which has devised the ways and means under every stress of peace and war to make our country great and strong."

The republican candidates for county offices are all men of sterling personal worth. Their characters are all above reproach. As public officers they have been honest, faithful and zealous. All are dyed-in-the-wool republicans, and that they will get the full party vote and a goodly lot of votes in addition, goes without saying.

Max Pfennig, the republican candidate for coroner, is one of the influential German Americans of America and will poll a heavy vote. The democrats realized the fact apparently, because they nominated no one to run against him.

The United States will assume full control of the island of Cuba on December 1, so the Spaniards had better hurry up and get out before they are thrown out.

LIFE OF THE WORM.

Little Reptile Has Many Good Traits, One of Them Being Industry.

When you regard the earthworm (or angle worm) seriously—and a good many people have cause to regard him very seriously indeed—you will find that he has some admirable traits. He is industrious; he is a natural fertilizer of waste and barren fields; he is domestic; he is patient, and, above all, he is cautious. Perhaps his caution is his predominating characteristic, unless we except his patience, which has been honored in both song and story. When an earthworm takes an airing in dry weather he goes about it very slyly, for he knows not what may happen if he gets too far from home. Such being the case, he does not creep entirely out of the earth, he just sticks out his head and enough of his body to inflate his lungs with fresh air. His tail he keeps securely fastened in the ground. If removed from his hole against his will while thus situated, it is impossible to put him back again, and it is claimed that he himself is unable to get back. A rainy day is the earthworm's special delight. Then he valiantly leaves his hole and promenades up and down the damp, steaming earth in supreme happiness. He is very fond of leaves, however, and always likes to keep in the neighborhood of a bunch of them, so he can retreat under the shelter for refuge in case of sudden danger.

Very Unfortunate for Him.

A stump orator out west, wishing to describe his opponent as a soulless man, did it in this wise: "I have heard," said he, "some persons hold to the opinion that just at the precise instant after one human being dies another is born; and that the soul of the deceased enters and animates the new-born babe. Now, I have made particular and extensive inquiries concerning my opponent there, and I find that for some hours previous to his nativity nobody died."—Punch.

BANK DEPOSITORS WANT SETTLEMENT

ASK FOR COMPROMISE WITH
OFFICERS.

Just What Will Be Done Not Yet
Known—Patrons Claim that To
Let the Matter Drop Just Now
Would Be Better For All—Await
Answer.

Attorneys George G. Sutherland, of this city and John M. Olin, of Madison, have been in Edgerton, of late in consultation with the depositors' committee concerning the pending litigation over the Bank of Edgerton failure. It has developed that quite a portion of the depositors are getting somewhat weary of the delays of litigation and were disposed to favor a move looking towards a compromise with the officers of the bank. The matter was pretty fully discussed at this meeting.

Oppose Compromise.
We learn that Attorney Olin was somewhat opposed to compromising and expressed himself as having great confidence in his ability to win a final judgment, says The Wisconsin Tobacco Reporter in this week's issue. Others seemed to think that even if they secured the full amount of their claims at the end of several years of litigation the net amount coming to them might not be much more than to accept less than the face of their claims now. It was finally decided, as we are informed, to tender the directors and stockholders of the bank a proposition looking toward a compromise. Whether the amount to be named will meet the approval of the bank officials will yet be determined. However, the disposition on the part of the depositors to talk settlement may yet lead to their getting together on some kind of a compromise and end what promises to be a costly and prolonged litigation.

More Needs Needed.
Another assessment of 1 per cent has been called from depositors to meet the expenses of litigation already commenced. The holders of about \$200,000 of claims against the bank have signed an agreement to stand their proportional share of this expense, but the assessment notice was sent to all creditors alike, and something like \$500 has already been paid in. A few large depositors, however, decline to pay their assessment, which fact may have some influence in the disposition to propose a compromise.

JANESVILLE'S NEW CITY DIRECTORY

IT CONTAINS SOME INTERESTING
DATA FOR CITIZENS.

More Than Seven Thousand Names—
Families That Seem to Predominate—
The Macs Lead the Line With
Smiths a Good Second—Some
Things the Book Does Not Contain.

The new directory of the city of Janesville, published by A. G. Wright, of Milwaukee, has just been issued from the press. It is a volume of 220 pages and contains the names of 7,348 individuals and firms besides a classified list of all trades, professions and pursuits, a miscellaneous directory of city and county officers, schools, churches, banks, incorporated institutions and secret and benevolent societies.

The Smith family is represented upon the pages of the directory by seventy-four names, but the Schuidt's, who are supposed to be distant relatives come to the front with thirteen additional names. The Scotch element is foremost in the Macs, who number 157. The cardinal colors are represented by thirty-five Browns, seven Grays, twenty-nine Greens and nine Whites. There are thirty Johnsons and the same number bear the names of Williams and Murphy. Forty-two Clarks have their names duly recorded, while there need be no fear of lack of bread in Janesville, as there are 20 Bakers. Twenty-five bearing the name of Wood are found; the same number answer to the name of Riley; 19 Richardsons are in the field and 15 Wilsons have been found. The house of Palmer has 17 representatives, that of Nash 18, while 16 Kings hold sway.

There are a few notable omissions in the directory. Patsy Griffin's name and residence are not given, nor is Hoot Dulin mentioned. The work is also silent as to tell the whereabouts of Charley Ross. One may search its pages in vain for an exposition of the Schleswig-Holstein affair, and a discreet plans of Li Hung Chang. Otherwise the directory appears to be complete and in every way creditable to the city and the publisher.

PLATT'S BANK IS SHUT.

Senator Was Its President and a Brother Cashier.

Owego, N. Y., Oct. 14.—The Tloga National bank of this place was closed by order of the comptroller of the currency, and this action reveals that the bank was wrecked by its assistant cashier, who died Wednesday. Senator Thomas C. Platt is the president of the bank and the largest stockholder. His brother, Fred W. Platt, was the nominal cashier, but as he is a very old man and has been in ill health for many years the actual management and business of the bank had devolved on the assistant cashier, Eli W. Stone, who had been for many years connected with the institution. Last week the national bank examiner made an examination of the bank and found a shortage of \$22,000 in Stone's accounts. Wednesday Stone died. It is claimed that his death came about from natural causes aggravated by the condition of the bank and the discovery of the shortage.

Now, however, it is intimated that Stone committed suicide, for it is claimed that he made a full confession to the bank examiner when confronted with the result of that official's probing into the books.

The closing of the bank and the circumstances surrounding it have produced a tremendous sensation, and the whole country around the little city is stirred up.

POPULIST TICKET ON FILE.

Nominations Made by the Party in Indiana to Go on the Ballot.

Indianapolis, Ind., Oct. 14.—The state ticket of the populist party was filed with the governor Thursday and will go on the ballot. The state committee of the party, after an all-day session, decided to "stay in the middle of the road," and completed the party ticket by making the following nominations for judges of the supreme court:

Second District—John O. Greene, New Albany.

Third District—W. P. Atkinson, Indianapolis.

Fifth District—Nelson J. Bozarth, Valparaiso.

The party has named candidates for congress in eleven of the thirteen districts. In districts in which it has not made nominations the party will support the prohibition nominees and in districts in which the prohibitionists have no candidates the populist candidates will be supported by the prohibitionists.

CUBAN EVACUATION DATE SET.

American and Spanish Commissioners at Havana Reach an Agreement.

Havana, Oct. 14.—At a joint session of the American and Spanish commission an agreement was reached informally upon the final date of evacuation of Cuba by the Spanish troops. The agreement will be sent to Madrid, and if it meets approval there it will be ratified at a regular joint session of the commission.

The date agreed upon for evacuation could not be learned definitely, but the impression was given that it was either Jan. 1 or Jan. 15. This means the time allowed for the departure of the last troops, the Spanish evincing anxiety to get the men home as soon as possible. Fifteen hundred have left in the last two days.

State Y. M. C. A. in Session.

Galesburg, Ill., Oct. 14.—About 200 delegates registered here Thursday for the twenty-sixth annual convention of the state Y. M. C. A. The sessions are held in the Presbyterian church. The reports from associations showed large gains. There are now 114 organizations and eleven bands in the state, and eighty-five men are devoting their entire time to the work of the association. Four new buildings have been erected during the year, the property value being \$150,000.

Try to Implicate Wanamaker.

Philadelphia, Oct. 14.—Gideon W. Marsh, defaulting president of the Keystone National bank, returned secretly Thursday and will be used by the Quakers to tell ex-Postmaster General Wanamaker's connection with the wrecked bank. Marsh fled to South America. Wanamaker said he would arrest United States Senator Penrose for accusing him of complicity with Marsh.

Serious Fire in Coloma, Mich.

Pittsburg, Pa., Oct. 14.—At the o'clock Thursday morning fire was discovered in the engine room of W. C. Winer's sawmill, at Coloma, fifteen miles south of this city. The flames destroyed the entire mill, the basket factory adjoining, a laundry, a dwelling house and the three-story opera house, at a total loss of \$20,000. The insurance is \$1,500.

THIRD NAVAL POWER.

New Navy Will Advance Rank of the United States.

Washington, Oct. 14.—The remarkable rapidity with which the naval power of the United States is being increased at the present time may be realized when it is stated that fifty-five war vessels are now under contract for the government and that their aggregate tonnage far exceeds that of the vessels building at any one time in the civil war. This vast construction program, which has excited more attention abroad than at home, has been authorized gradually by congress until the vessels soon to be completed will place the United States third in rank among the sea powers. In addition to the enormous fleet, including auxiliaries, actually in commission at the present time, twenty vessels are in various stages of readiness, and the shipbuilders are hurriedly gathering the material for thirty-five others. Of the fifty-five vessels, eight are first-class heavily armed, sea-going battleships, thirty-eight are torpedo boats, four are monitors and one is a powerful cruiser.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason tells you is best, to be chosen in the third place. But if you can get Dr. Dickinson, Dr. Experience and Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Dickinson would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by People's Drug Co., corner Main and Milwaukee streets.

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this country and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined. J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by

Will Use a Texas Port.

Houston, Tex., Oct. 13.—The Morgan liner Chalmette has arrived at Sabine Pass. It is the first of the Southern Pacific boats to enter a Texas port. The Southern Pacific has been tied up repeatedly at New Orleans by quarantine and in order to escape this has expended \$500,000 on wharves at Sabine Pass and will hereafter use the Texas port for all Texas and California traffic from New York.

Thousands of Tongues.

The praise of Dr. Greene's Nervina blood and nerve remedy is on every tongue. This is not to be wondered at. Never before in the history of medicine has existed a remedy that so effectually fulfills its mission. Blood and nerve disorders, as well as the many ills that are caused by such derangements, yield as if by magic to this great specific; the discovery of a great specialist—Dr. Greene, who has effected more wonderful cures than any other living physician.

The best of it all is that Dr. Greene, unlike other specialists, is accessible to rich and poor alike, for anyone who may wish to consult him can do so free of charge, by writing him or calling upon him at his office, 148 State Street, Chicago, Ill.

Seen Defeat for France.

St. Petersburg, Oct. 14.—The Novoe Vremia, commenting on the British blue book giving the correspondence between Great Britain and France concerning Fashoda, says it is difficult to believe that the negotiations will end in the manner Great Britain desires. It adds that France, thanks to her present rulers, finds herself on the verge of a serious diplomatic defeat.

Verdict in McIntyre Case.

Washington, Oct. 14.—The navy department has made public the findings and sentence of the court-martial in the case of Chaplain McIntyre. The chaplain was charged, first, with scandalous conduct tending to the destruction of good morals, with three specifications; second, conduct to the prejudice of good order and discipline, with four specifications; third, conduct unbecoming an officer of the navy, three specifications. All these charges were founded upon the chaplain's criticism of his superior officers in a lecture delivered in Denver. All the specifications were found proved as alleged; the accused was declared guilty under the three charges, and he was sentenced to be dismissed from the United States naval service.

Old fashions in dress may be revived but no old fashioned medicine can replace Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by People's Drug Store corner Main and Milwaukee St.

Decides to Drop the Temple.

Camden, Del., Oct. 14.—"The National Woman's Christian Temperance union has decided to abandon entirely the Woman's Temple at Chicago," said Mrs. Clara E. Hoffman, national secretary of the Woman's Christian Temperance union, who arrived Thursday from a meeting of the directors to attend the Delaware state convention. She said that the debt of \$300,000 was more than the women of America could carry and conduct a warfare with the saloon. "Besides the interest on this immense sum and liquidation of the principal," said Secretary Hoffman, "we have a ground rent of \$4,100 to raise every year. So we have decided to drop it."

MRS. PINKHAM'S ADVICE.

What Mrs. Nell Hurst has to Say About It.

DEAR MRS. PINKHAM:—When I wrote to you I had not been well for five years; had doctored all the time but got no better. I had womb trouble very bad. My womb pressed backward, causing piles. I was in such misery I could scarcely walk across the floor. Menstruation was irregular and too profuse, was also troubled with leucorrhoea. I had given up all hopes of getting well; everybody thought I had consumption. After taking five bottles of Lydia E. Pinkham's Vegetable Compound,

I felt very much better and was able to do nearly all my own work. I continued the use of your medicine, and feel that I owe my recovery to you. I cannot thank you enough for your advice and your wonderful medicine. Any one doubting my statement may write to me and I will gladly answer all inquiries.—MRS. NELL HURST, Deepwater, Mo.

Letters like the foregoing, constantly being received, contribute not a little to the satisfaction felt by Mrs. Pinkham that her medicine and counsel are assisting women to bear their heavy burdens.

Mrs. Pinkham's address is Lynn, Mass. All suffering women are invited to write to her for advice, which will be given without charge. It is an experienced woman's advice to women.
